

CAPITAL RAISING PROPOSAL

Debt Financing & Capital Structure Optimisation

Prepared for [Client — Project Harbor]

Engagement	Project Harbor	Client	[Redacted — codenamed]
Service line	Debt Advisory / Capital Markets	Proposal type	Financing mandate
Outcome	WON / Approved	Sections present	9 of 9
Anonymised	Yes	Sensitivity	Medium

ANONYMISATION & USE NOTICE

This document is an **anonymised exemplar** retained for proposal structure, framing and language only. The client is codenamed, and all figures, dates and identifying details have been redacted. It must **not** be used as a source of facts or figures in any generated proposal.

1. Executive summary

[Client — Project Harbor] is seeking to refinance existing facilities and raise growth capital while reducing its cost of debt. We propose to arrange a financing of [quantum — redacted] across a blended structure, targeting a reduction in all-in cost of [bps saving — redacted] and an extended maturity profile.

2. Our understanding of your objectives

- **Lower the cost of capital** while extending and smoothing the maturity profile.
- **Increase flexibility** through covenant headroom appropriate to the business plan.
- **Fund growth** without diluting existing shareholders.
- **Preserve relationships** with the core lending group.

3. Recommended approach

Phase	Focus	Deliverables	Duration
1 · Diagnostic	Capital-structure review	Debt capacity analysis, options paper	[weeks — redacted]
2 · Structuring	Optimal instrument mix	Term sheet, rating considerations	[weeks — redacted]
3 · Market	Lender / investor engagement	Lender presentation, process letters	[weeks — redacted]
4 · Close	Documentation & funding	Credit agreement support, funding	[weeks — redacted]

4. Proposed capital structure

We recommend a layered structure that balances cost, flexibility and certainty. Indicative quanta and pricing are redacted in this exemplar.

Tranche	Purpose	Tenor	Quantum
Senior term loan	Refinance core debt	[years — redacted]	[quantum — redacted]
Revolving facility	Working capital	[years — redacted]	[quantum — redacted]
Growth tranche	Capex / expansion	[years — redacted]	[quantum — redacted]
Total facilities			[quantum — redacted]

5. Scope of work

- Independent review of current facilities, covenants and debt capacity.
- Design of an optimal structure and preparation of lender materials.
- Running a competitive financing process with the lending group and new lenders.
- Negotiation of commercial terms, covenants and documentation to funding.

6. Team & governance

Role	Responsibility	Commitment
Lead Partner	Strategy, lender negotiation	[FTE — redacted]
Director	Structuring, process management	[FTE — redacted]
Associate	Modelling, materials, lender Q&A	[FTE — redacted]

7. Indicative timeline

We would target funding within [total weeks — redacted] of mandate, subject to credit-committee timetables and market conditions.

8. Commercial summary

Component	Basis	Amount
Advisory fee	Fixed, payable in stages	[fee — redacted]
Success fee	% of facilities arranged	[fee % — redacted]
Expenses	At cost	[cap — redacted]

9. Why Halstead Partners

Lender network Active dialogue with banks and credit funds across the capital structure.	Independence We are not a lender; our advice is conflict-free and price-driven.
Execution certainty A disciplined process that protects pricing and timetable.	Aligned fees A structure weighted to a successful, lower-cost outcome.

10. Assumptions & next steps

- Subject to conflict checks and engagement-letter terms.
- Assumes timely provision of management information and forecasts.
- We propose a diagnostic kick-off within one week of appointment.

Anonymised exemplar created for system-testing of an internal proposal-generation platform. The authoring firm, client and all figures are fictional or redacted. Retained to demonstrate proposal structure and language only; not a source of fact.
