

INVESTMENT STRATEGY PROPOSAL

Portfolio Strategy & Asset Allocation

Prepared for [Client — Project Sterling]

Engagement	Project Sterling	Client	[Redacted — institutional investor]
Service line	Investment Advisory	Proposal type	Strategy mandate
Outcome	WON / Approved	Sections present	9 of 9
Anonymised	Yes	Sensitivity	Medium

ANONYMISATION & USE NOTICE

This document is an **anonymised exemplar** retained for proposal structure, framing and language only. The client is codenamed, and all figures, dates and identifying details have been redacted. It must **not** be used as a source of facts or figures in any generated proposal.

1. Executive summary

[Client — Project Sterling] is seeking a refreshed investment strategy to meet its return objective of [**target return — redacted**] within a defined risk budget. We propose a revised strategic asset allocation, a strengthened governance framework, and an implementation plan designed to improve risk-adjusted returns while controlling cost and complexity.

2. Our understanding of your objectives

- **Meet the return objective** with an appropriate and clearly articulated risk budget.
- **Improve diversification** across asset classes and return drivers.
- **Strengthen governance** with clear roles, monitoring and rebalancing discipline.
- **Control cost** through efficient implementation and manager selection.

3. Recommended strategic asset allocation

We recommend a diversified allocation calibrated to the risk budget. Target weights and ranges are redacted in this exemplar; the structure illustrates how we present allocation.

Asset class	Role in portfolio	Target weight	Range
Global equities	Growth	[% — redacted]	[range — redacted]
Fixed income	Income / defensiveness	[% — redacted]	[range — redacted]
Real assets	Inflation protection	[% — redacted]	[range — redacted]
Private markets	Illiquidity premium	[% — redacted]	[range — redacted]
Cash & equivalents	Liquidity	[% — redacted]	[range — redacted]
Total		100%	

4. Scope of work

- Review of objectives, liabilities, risk tolerance and constraints.
- Capital-market assumptions and strategic asset-allocation modelling.
- Governance, monitoring and rebalancing framework design.
- Implementation roadmap, including manager-selection support.

5. Risk framework

Dimension	How we manage it
Return shortfall	Scenario and stress testing against the objective
Drawdown	Risk budgeting and diversification across drivers
Liquidity	Liquidity tiering and pacing for private markets
Governance	Clear decision rights and a monitoring cadence

6. Team & governance

Role	Responsibility	Commitment
Advisory Partner	Strategy, committee interface	[FTE — redacted]
Investment Director	SAA modelling, recommendations	[FTE — redacted]
Analysts	Research, manager due diligence	[FTE — redacted]

7. Indicative timeline

We would deliver the strategy and implementation plan within [weeks — redacted] of appointment, followed by ongoing monitoring under a separate retainer.

8. Commercial summary

Component	Basis	Amount
Strategy fee	Fixed, on delivery	[fee — redacted]
Ongoing advisory	Annual retainer	[fee — redacted]
Expenses	At cost	[cap — redacted]

9. Why Halstead Partners

Objective-led Strategy anchored to your return objective and risk budget.	Independent Manager-agnostic advice focused on your outcomes.
Governance strength Frameworks that make oversight clear and repeatable.	Cost discipline Efficient implementation that protects net returns.

10. Assumptions & next steps

- Recommendations subject to confirmation of objectives and constraints.
- Assumes access to current holdings, mandates and governance documents.

- We propose an objectives-setting workshop within two weeks of approval.

Anonymised exemplar created for system-testing of an internal proposal-generation platform. The authoring firm, client and all figures are fictional or redacted. Retained to demonstrate proposal structure and language only; not a source of fact.
